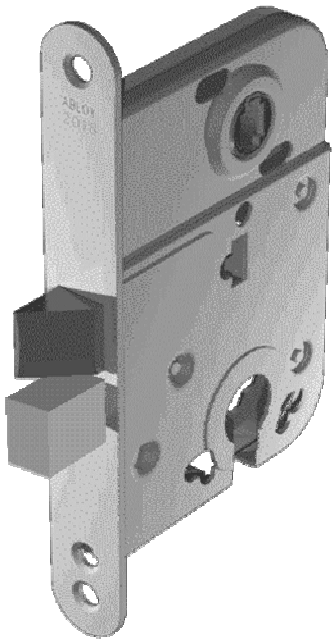
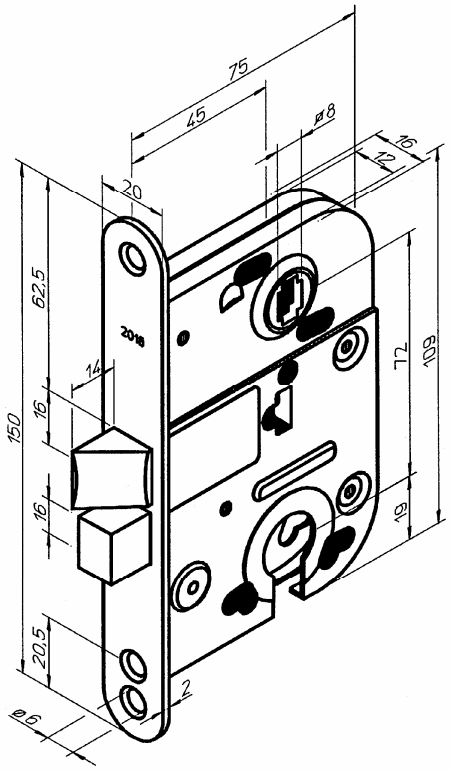
ABLOY® 2018

The function of lock ABLOY 2018 has been changed. In the new version the latch bolt can be withdrawn either normally by using handle or by turning the cylinder additional ~50° after the dead bolt is withdrawn. Due this change the lock can be opened only with cylinder without using the handle.

ABLOY 2018





ABLOY 2018 has also new dead bolt construction. The dead bolt is bigger and due the change also more strong and durable. Please note the above dimension drawing.

The lock can be used with strikers 0045 and 0068 (rebated). The lock and strikers are available std. in CR finish.
